Reliable, durable and quiet drive for sliding gates. 3S control panel: quick installation, the ability to set operating parameters, intuitive operation. Compatibility with solar power systems, when installed in places that are difficult to access for power supply cables.

The standard Elixo drive is available in two versions with advanced control systems:

- Elixo 500 3S RTS – unidirectional remote communication
- Elixo 500 3S io – bidirectional remote communication
